

Park Entrance

- Avella Road

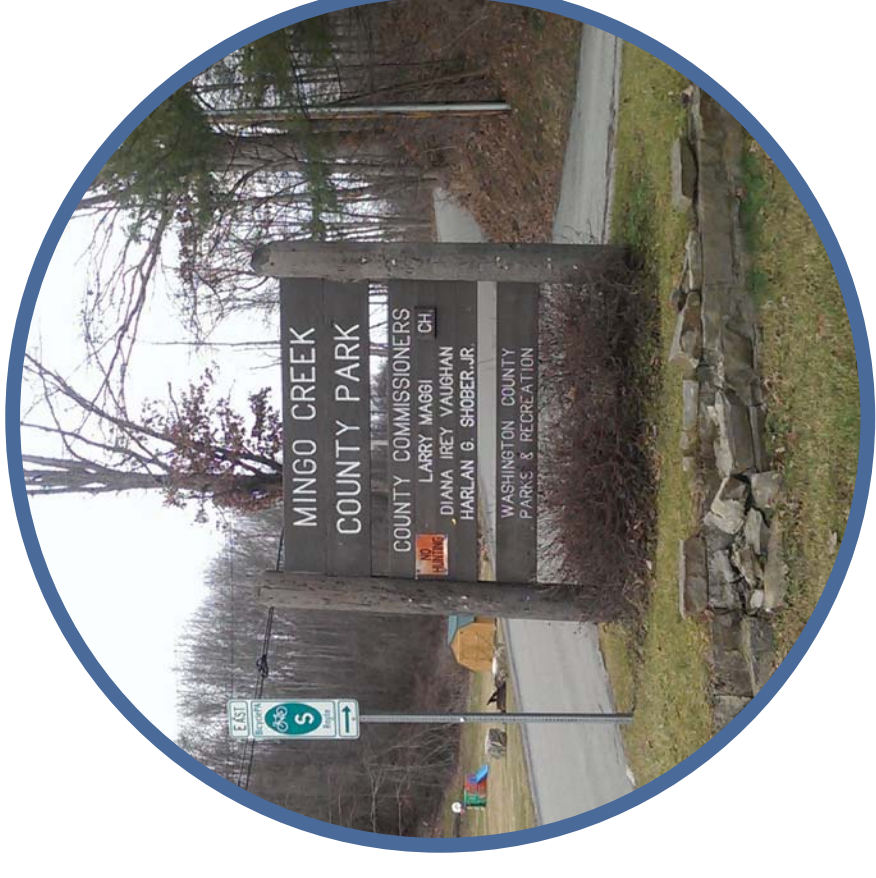

OBSERVATIONS:

- Entry announced at intersection of Avella Rd, Atlasburg Rd, and County Park Rd
- Bridge crosses creek immediately after intersection along County Park Rd
- County Park Rd winds through small commercial zone, residential, and parkland

RECOMMENDATIONS:

- Improve entrance aesthetics: Improve/enhance signage visibility, add plant material, remediate stream corridor
- Consider providing space for multimodal transportation (walkers/joggers, bicycles)

Restrooms

- Boat Launch and Lynn Portal Areas

OBSERVATIONS:

- Conveniently located adjacent to parking areas
- Restroom facilities only located in Boat Launch and Lynn Portal areas

RECOMMENDATIONS:

- Consider plans for expansion as park usage increases
- Provide paved access to Lynn Portal restroom facility
- Place restrooms at Lerby Road access

Parking

- Boat Launch + Picnic Area

OBSERVATIONS:

- +/- 100 Parking Spaces (Boat Trailer and Car Parking)
- Accessible Parking is accommodated
- Efficient access to boat ramp, playground, picnic shelters, and water's edge

RECOMMENDATIONS:

- Consider providing shade for parking areas during peak use in summer months
- Where appropriate, implement sustainable stormwater management strategies to reduce runoff into Cross Creek Reservoir
- Provide paths for efficient and safe pedestrian circulation: Reduce vehicle and pedestrian conflicts

Picnic Pavilion

- Boat Launch and Lynn Portal Areas

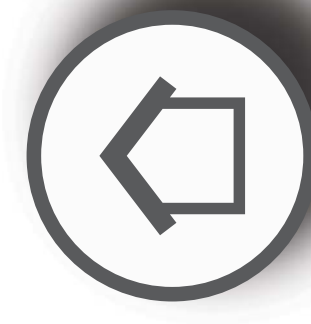

OBSERVATIONS:

- High capacity pavilions adjacently located to parking and amenities
- Simple construction with picnic tables under canopy
- Grills and amenities recently added or updated
- New pavilion constructed with restrooms, drinking fountain, and ADA parking

RECOMMENDATIONS:

- Consider additional picnic shelters throughout Cross Creek Park
- Vary shelter size and capacity throughout park

Park Office

- Boat Launch + Picnic Area

OBSERVATIONS:

- Utilitarian and accessible
- Conveniently located adjacent to accessible parking and boat launch
- Signage and mapping located on exterior office wall

RECOMMENDATIONS:

- Exterior seating area
- Protection from vehicles in adjacent parking area
- Wireless Internet Hub

Recreational Boating

OBSERVATIONS:

- Convenient launch access to park entrance and parking area
- Accessible boat launch area
- Anti-slip surfacing recently added to docks and walkways

RECOMMENDATIONS:

- Consider improved stabilization along banks of reservoir in dock area
- Removal of Railroad Ties and chainlink fence in favor of paved observation area
